

## Digitalisieren von Dias und Negativen

Effective from 1st May 2020

### Allgemeine Informationen

You have slides, whether loose or in a magazine and want to digitalize them? We can process 53mm slides with a frame external dimension of 50x50 mm. The frame thickness of Dias up to 5 mm. Whether it is a plastic or glass frame.

0x50 mm strip

universal magazine

Paximat Magazine

CS-Magazine

Negative

The digitized slides are provided in 1800dpi and as JPG files.

On request, we can also offer you higher resolutions of the film format TIF.

**IMPORTANT:** You are liable for the acquisition of any copyright and ancillary copyright licenses for material provided on the desire transfer.

The average processing time is 10 days from receipt.

The 5 mm glass slides are made of other sizes 4x6 or 10x15 slides and can only be processed manually.

Therefore, negative strips (4 pieces) are only manually digitized, a handling fee of € 1,90 per negative stripe is calculated.

The prices are in Euro and include VAT. and any transport charges.

For any damage (i.e. tearing, hanging, mounting frames, etc.) which could arise from the original material, no liability is assumed
